

# Recorded sessions

Where to find recorded sessions of my VR lesson?

- Go to the XR Platform.

The screenshot shows the XR Platform interface. On the left is a dark sidebar with a 'Trainer' dropdown and menu items: Dashboard, Lesson Content, Objectives, and Organizations. At the bottom of the sidebar is a circular 'NV' logo. The main content area is divided into two sections. The top section, titled 'Today's sessions' (circled in red), contains a table with columns for Start Time, End Time, Active, Activity, and Participant. The bottom section, titled 'Lessons', features a calendar for 'jan. 2025' (circled in red) and a 'Today' view (circled in red) showing a session titled 'Test De Lijn' from 11:40 to 12:40 by Sofie Stoffijn. The calendar has the 15th highlighted. The 'Today' view has buttons for 'Plan Lesson' and 'Launch XR Instructor'.
