

Adding new applications

Watch the tutorial

Watch this tutorial video how to add new applications to the XR Platform.

[Dutch](#)

Manual

- Go to the XR Platform.

Note

Make sure you have the **Coordinator** role. You can change roles by clicking on them and switch to another one in the list.

The screenshot shows a web browser at the URL `s2.passerelle.supportsquare.io/xr-portal/app/`. The interface has a dark sidebar on the left with the user role 'Coordinator' and a menu with items: Dashboard, Organizations, Persons, Devices, and Applications. The 'Applications' item is highlighted with a red circle. The main area is titled 'Applications' and features a '+ Create' button, a search bar, and a pagination indicator '1-20 of 44 rows'. Below are four application cards: 'SupportSquare Ap-' (a mobile app interface), 'XR Lobby' (a 3D virtual lobby), 'GF 565' (a 3D mechanical model), and 'GF Marketing' (a 3D blue cross in a snowy landscape).

- Go to Applications.
