How to start a procedure in Passerelle Player

Before you can start doing a procedure, make sure everything is ready to go:

- The procedure was created by a designer.
- The procedure was validated by a validator.
- The procedure was scheduled by a planner and you reveived a pincode to use in Passerelle Player.

Using the Hololens

- Put the hololens on and log in.
- Watch this video for more information on how to use the Hololens Menu.
- Install the Passerelle Player app from the android store.
- Watch this video for more information on how to open Passerelle Player on your hololens.
- If this is **the first time** starting Passerelle Player, make sure to scan your license code first. Ask your coordinator or administrator for more information.
- Use your Account QR code to log in. You can find your Account QR code on the XR Platform.
- Use the pincode provided by a planner. You received this via email.
- Go through the procedure.
- Don't forget to close the application.

Using an android device (tablet, smartphone)

- Install the Passerelle Player app from the android store.
- Open the Passerelle Player app.
- Log in with your Passerelle XR account.
- Use the pincode provided by a planner. You received this via email.
- Go through the procedure.
