

FAQ

XR Instructor

How do I start XR Instructor?

Go to the XR Platform and Launch XR Instructor

The screenshot shows the 'Dashboard Teach' interface. On the left is a dark sidebar with a 'Trainer' dropdown and menu items: Dashboard, Sessions, Lesson Content, Objectives, Organizations, and Persons. At the bottom of the sidebar is a circular logo with 'NV'. The main content area has a title 'Dashboard Teach'. Below it is a section 'Today's sessions' with a table. The table has columns for Start Time, End Time, Active, Activity, and Participant. One session is listed for 2025-02-26. Below this is a 'Lessons' section with a calendar for February 2025. The calendar shows dates from 1 to 28. To the right of the calendar are two buttons: 'Plan Lesson' and 'Launch XR Instructor'. The 'Launch XR Instructor' button is highlighted with a red rectangle. Below the buttons is a '0 rows' indicator.

Start Time	End Time	Active	Activity	Participant
2025-02-26 15:40:01	2025-02-26 15:49:47	00:09:46	VRbindingstechnieken	Anon y Mous

My VR devices are connected to wifi and the XR Instructor but won't stream. Why?

Network security

Some networks have more security than others. Try connecting a VR device to a good hotspot (your smartphone, MIFI Router, etc). If it works with the hotspot, the problem is network related. Keep in mind to test the network if you're in a different location and make sure to have a connection back up plan.
