

Install/update Passerelle Player

Supported XR Devices (Meta Quest 2,+Pico Neo 3+)

- Search for the device or device group in Devices.
- Press Install to install the latest Player app.
- Press the update button on the app to update to the latest version.

The screenshot displays the Passerelle Admin console interface. On the left is a dark sidebar with the Passerelle logo and a navigation menu including Dashboard, PLANNING, DESIGN, LEARNING CONTENT, INSIGHTS, IDENTITY & ORGANIZATION, MANAGE, Applications, and Devices. The main content area is titled 'Pico 52' and has tabs for Details, Operational Info, Pending Actions, and Processed Actions. The 'Information' section shows fields for Name (Pico 52), Brand (Pico A94Yo), Serial Number (PA94YoMGKBo50731G), Type (VR Headset), OS Type (Android), Organization (SupportSquare), and Group (Admin SupportSquare). Below this is the 'Applications' section, which features a '+ Install' button and a table of installed applications. The table shows 'App Manager' version 4.8.5 and 'Passerelle Play...' version 3.1.34. The 'Passerelle Play...' application icon, which is a yellow stylized 'S' shape, is highlighted with a red box.

Desktop

- Download Passerelle Player [here](#)
- Open the app file on your desktop.
