

# XR Instructor

## How to start XR lessons with your (designed) content?

If you want to create XR Lessons, start and stop sessions from your PC and watch the streams, you can use XR Instructor.

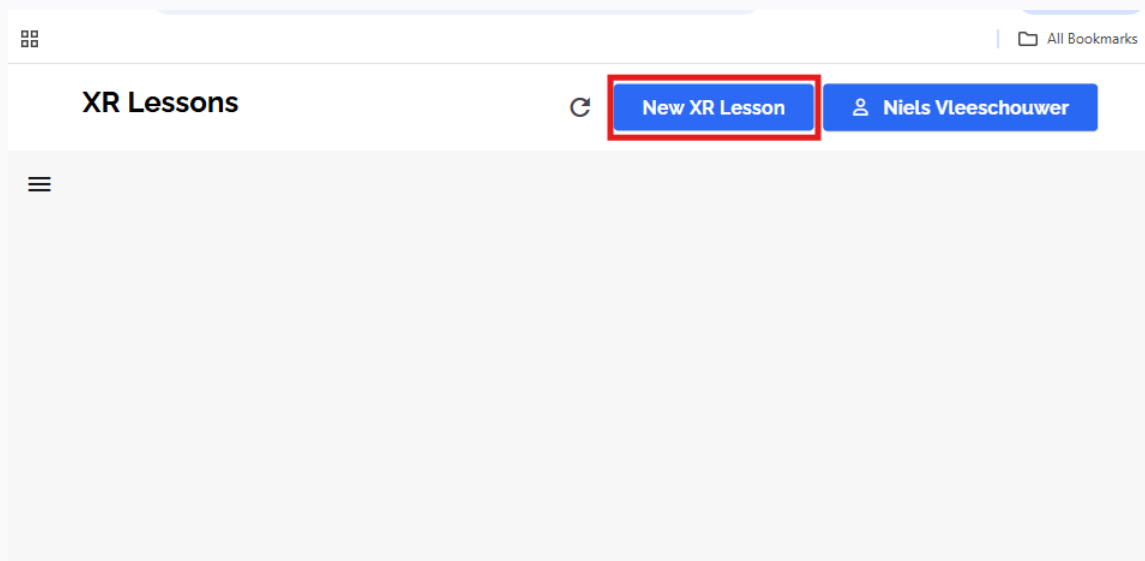

Watch this video for a more detailed demonstration: [Dutch version](#) [English version](#)

- Go to the XR Platform

The screenshot shows the 'Dashboard Teach' interface. On the left is a dark sidebar with the 'passerelle' logo and a 'Trainer' dropdown menu. Below the menu are several navigation options: 'Dashboard', 'PLANNING', 'LEARNING CONTENT', 'INSIGHTS', and 'IDENTITY & ORGANIZATION'. The main content area is titled 'Lessons' and features a calendar for 'mrt. 2026'. The calendar shows dates from 1 to 31, with the 19th highlighted in blue. To the right of the calendar are three buttons: 'Plan Lesson', 'Plan Course', and 'Launch XR Instructor'. The 'Launch XR Instructor' button is highlighted with a red rectangular box. To the right of these buttons, it says '0 rows'.

- Press 'Launch XR Instructor'.

The screenshot shows the 'XR Lessons' interface. At the top left is a grid icon. At the top right is a folder icon labeled 'All Bookmarks'. Below this is a header area with the text 'XR Lessons' on the left, a refresh icon in the center, and a blue button labeled 'New XR Lesson' on the right. To the right of the 'New XR Lesson' button is a user profile icon and the name 'Niels Vleeschouwer'. Below the header is a large, empty light gray area. On the far left of this area is a hamburger menu icon.

- Press New XR Lesson.
